

# SEAGULL SPIKES

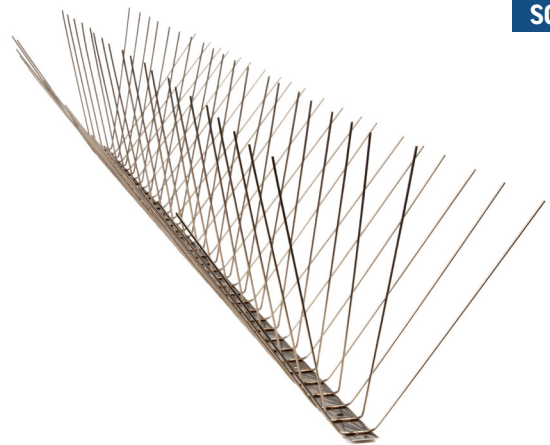

VEXO SGL range, specifically designed for seagulls and other long-legged birds, are 50% taller than traditional models, addressing the challenge of managing larger avian populations in coastal and urban environments.

Meticulously designed to the anatomies of seagulls and their counterparts, these spikes offer an elevated level of protection without compromising the humane and environmentally friendly nature of our bird control solutions.

Made from durable stainless steel, the SGL spikes blend seamlessly into various environments while ensuring long-lasting effectiveness. These spikes not only discourage seagulls from perching and nesting in undesired areas but also contribute to maintaining the aesthetic integrity of urban landscapes and coastal spaces.

## TARGET BIRDS

Pigeons	✓	Sparrows	
Mynas		Swallows	
Starlings		Seagulls	✓
Galahs	✓	Cockatoos	✓
Magpies	✓		

## PRODUCT DATA

Product Name	SGL2	SGL4
Length	1000mm	
Height	165mm	
Width	90mm	200mm
Base Width	17.5mm	
Pitch	50mm	25mm
Weight	230g	350g
Material	SUS304 Stainless Steel	

## FEATURES AND BENEFITS

100% High Grade SUS304 Stainless Steel for Best Durability	✓
Deters Large Birds Such As Seagulls, Crows, Ravens and Magpies	✓
Precision Welded For Durability and Rust Resistance	✓
Conforms To Curved Surfaces	✓
Blunt Tips to Safely Deter Birds	✓
Resist UV Degradation and Corrosion	✓

## APPLICATION

Parapets	✓	Fences	
Signages	✓	Awnings	✓
Beams	✓	Gutters	
Ledges		Eaves	
HVAC Units	✓	Loading Docks	✓
Warehouses & Factories	✓	Sheds	✓

## QUALITY ASSURANCE

Every 30 metres of bird spikes undergoes extreme destructive test to ensure the weld and form quality is maintained.

## PRODUCT HANDLING

VEXO spikes are packaged for fast and safe on site installation. Handle VEXO spikes from the base strip. Protect VEXO spikes from damage before, during and after installation.

If damage occurs to VEXO spikes, replace section immediately.

## WARRANTY
